spa Facial

Where SCIENCE Meets SPA

Experience BeautiControl's most scientifically-advanced, effective skin care line yet. And get rapid, more noticeable results from uniquely powerful formulas. BC Spa Facial gives your skin all the benefits of Maintenance, Repair and Prevention.

skin s.p.a. gives you instant results

BeautiControl's **skin s.p.a.** (scientific personalized analysis) is the secret to your daily skin care regimen's success.

Simply use the Skin Sensors™ and complete the **skin s.p.a.** on the next page.

In a few short moments, you'll have a personalized skin care prescription to identify your skin's unique characteristics.

Based on your analysis, you'll receive a personalized skin care regimen that will meet your skin's unique needs and help you achieve your healthiest, freshest, most youthful appearance yet.

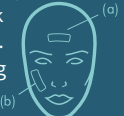

Free of parabens,
sulFates, gluten,
artificial dyes
and Fragrances.

Dermatologist,
sensitivity and allergy
tested, and never
tested on animals

Enjoy your most
BEAUTIFUL
SKIN ever

INSTRUCTIONS

- Use the Skin Sensors™ - Carefully peel each sensor strip from its backing, without touching the grey square. Hold the forehead (a) sensor to your forehead for 5 seconds. Hold the cheek sensor to your cheek (b) for 5 seconds. Determine your Skin Sensor total using the Skin Sensor Guide below. 
- Answer each question and write the corresponding number in the appropriate square, then add your totals for Part 1 and Part 2.
- Refer to the BC Spa Facial Regimen Chart on page 6 to determine your personalized skin care regimen.

part 1
